

## Mission Statement

*“To provide a safer environment for everyone by delivering exceptional results on every project”*

Omega Environmental Services Ltd recognises the dangers related to asbestos and understands the threat it poses to everyone. As a result, we endeavour to do our utmost to lessen this threat and provide an uncontaminated environment for everyone.

Omega believes that their commitment to professional service embodies the individuals who we employ. Therefore, we go above and beyond for the employees of the Omega family by offering unrivalled training which is certainly the foundations of our exceptional results at every project.

We will achieve this by:

- Following stringent guidelines set out by the HSE
- Staying true to our commitment to excellent services
- Becoming a leader of innovation within our industry
- Being environmentally conscious at all time
- Creating sustainable operations
- Staying true to our values
- Embracing diversity
